1. Raw Materials Supply for Cement and Aggregate Industry	Eric de BOOR	3
2. Theoretical Concepts of Geology	Eric de BOOR	9
3. Desk Study for Raw Materials Deposits	Eric de BOOR	45
4. Preliminary Field Investigations of Deposits	Eric de BOOR	65
5. Overall Raw Material Prospecting	Eric de BOOR	101
6. Assessment of Cement Raw Materials	James INLACH	125
7. Detailed Investigations of Raw Materials	Eric de BOOR	179
8. Environmental Aspects of Mining and Rehabilitation		193
9. Project Management Raw Materials Surveys		201
10. Case Study		215
11. Raw Materials Management	Clemens DANN	219
12. Basic Cement Chemistry	James INLACH	251
13. Mix Design		263
14. Slurry Preparation		291
